

Peak Performance Group, Inc.

## **CONTRACTOR OPPORTUNITIES ARE AVAILABLE FOR PROJECT MANAGEMENT PROFESSIONALS**

Peak Performance Group, Inc., (PPG) is looking for individuals with experience working in a corporate environment in a senior project management role with either their PMP® or PgMP® designation. Our instructors are a team of experts who share the belief that people are an organization's greatest asset. We are committed to advancing the value of the "human asset" in the workplace by nurturing individual potential and challenging the way people work, team, and lead. Our instructors have exceptional knowledge, expertise and advanced degrees in adult education and in their respective fields, which include project management, business, organization development, and team development.

Individuals interested in teaching for PPG's clients should have extensive experience in managing projects in large organizations in a variety of industries.

PPG will train instructors in delivery of our project management courses, which are comprehensive, instructionally sound, and professionally written. Our goal is to teach our clients more how to think than what to think. To that end, we look for individuals with an understanding of adult education theory.

Travel may be required as our clients are located throughout the US and globally.

Qualifications required include:

- Adult education experience
- Graduate degree
- PMP® or PgMP® certification
- Project leadership experience

Send a cover letter and resume via email to:
